## DRAUGHT BEER

Recognizing that all fine whiskeys start as an artfully arranged grain mash, Manhattan worked closely with an award-winning local microbrewery to develop an exclusive “Knickerbocker” lager that pays respect to the deep traditions of craft brewing in America. Inspired by the traditional American steam ale, the refreshingly crisp lager combines multiple malts and two different hops to lend a light “fruity” feel. Exclusive only to Manhattan!

## BY THE GLASS

For centuries, New Yorkers have quaffed the very best wines and champagnes. Wine shipments from the Old and New Worlds traditionally arrived in the great pier districts on Manhattan's West and East sides, before being hustled off to eager tipplers in grand hotels, bars and restaurants.

In keeping with this tradition, our by-the-bottle selection features some of the finest examples from the rich and wonderful world of modern wine-making.

## AGAVE

Gift of the goddess Mayahuel, agave spirits were sacred in pre-Hispanic Mexican culture. They have been used in religious ceremonies for 1,500 years. One of the greatest artisan distilling traditions, craft tequilas and mezcals are only now becoming recognized and available in many parts of the world.

## GIN

Neutral spirits distilled with juniper berries and other botanicals, gin evolved from the Dutch genever of the 15th century, which used sweetened malt wine as a base for distillation. In recent years, there has been a veritable explosion of new styles and brands of gin, with enterprising craft distillers experimenting with unique base spirits and combinations of botanicals.

## AROMATIZED WINE

Integral to balancing fine spirits in many classic cocktail recipes, and a centuries-old aperitif tradition in Western Europe, aromatized wines have seen a world-wide renaissance in the past decade. A base of fine wine flavored with herbs and spices, vermouths must contain wormwood while quinquinas get much of their bitter flavor from quinine.

## GRAND BITTERS

Distilled spirits flavored with a medicinal mix of herbs and spices designed to whet the appetite or aid digestion. Apertifs are generally more bitter in order to stimulate, while digestifs are made sweeter to satiate. Many of these beautiful tipples have been produced for hundreds of years with recipes that remain closely guarded secrets passed down through the generations.

## ABSINTHE

Known as “the green fairy”, this mysterious spirit is purported to have hallucinogenic properties and was vilified and banned for most of the last century. Making a comeback on the world stage since the 1990’s, traditional absinthe is a high proof brandy-based spirit flavored with anise, fennel, wormwood and other culinary herbs.
